SEASON'S GREETINGS FROM THE MANAGEMENT COMMITTEE

What a strange year we've had – alarming, frustrating, sometimes heart-warming, always unpredictable. But great for nursery sales!

We wish all our Friends a happy, safe Christmas and a COVID-free New Year. And, if you plan to get together with interstate family and friends for the festive season, here's hoping those plans can go ahead without a hitch.

Meanwhile, please do join us for our Christmas gathering on Wednesday 9 December. More details below.

BUSH CHRISTMAS

Try using a native shrub for your Christmas tree this year. For example, woolly bush (*Adenanthos sericeus*) grows well in a pot and looks great decorated with some baubles and tinsel.
