

NEWS FROM PEACEHAVEN

July 2020

FROM THE MANAGEMENT COMMITTEE

At its June meeting, the management committee of the Friends of Peacehaven decided to increase the nursery's trading days from two to three: Sundays as well as Thursdays and Saturdays (see below for more details).

It has also been deemed safe to resume general meetings of the Friends, though of course with due observance of all COVID-19 precautions. The July meeting will be the first since March.

SECURITY CAMERAS NOW OPERATING

Be sure to smile when you visit the nursery – you'll be on camera.

As noted in last month's newsletter, the decision was made to purchase security cameras for protection of our new premises and stock.

Cameras have now been installed around the nursery and shed, and are in constant operation.

SECOND RAINWATER TANK INSTALLED

During June a second rainwater tank was added to the first, giving a total capacity of almost 36,000 litres. Soon after, enough rain fell to bring the level in the new tank to three rungs above ground level. Here's hoping for more.

HANDMADE MERCHANDISE FOR SALE

Have you seen the garden-themed items we have for sale in the nursery, handmade by talented Friends of Peacehaven?

Planter boxes by Michael, mosaics by Chris

NURSERY TO OPEN ON SUNDAYS

From mid-July the nursery will open to the public on Sundays in addition to Thursdays and Saturdays.

Our first day of Sunday trading will be **12 July**, when the nursery will be open from **10 am** until **1 pm**.

A coffee van will be in attendance.

Bring the family! Tell your friends!

NEXT MEETING OF FRIENDS

General meetings of the Friends of Peacehaven resume this month.

Date of next meeting: Wednesday 8 July

Time: immediately after the management committee meeting, which will begin at 9.30 am.

Place: nursery shed, Peacehaven

RSVP: peacehaven3@gmail.com

Numbers may need to be restricted, so do let us know if you plan to come. But stay at home if you feel unwell, and please be sure to observe strict hygiene and physical distancing measures.
